Good morning. SLD Aiken (M38291) appeared as a "walk-in" this morning. She says she is being harassed based on her request for a religious observance and said that she already has G2s on the matter. I asked her to forward me the G2s, along with an email on her concerns. After we review them, we will conduct a follow up interview.

Good morning. I just spoke to Ms. Aiken and thanked her for bringing this matter to our attention. She summarized her conversation with Mr. Goins this morning, and will provide him with the necessary materials to continue the process. I let her know she is in good hands.

Regards, Michael
